To Whom It May Concern

Dear Sir / Madam,

AFESIP Cambodia is a non-governmental organization established at the grass-root level in Cambodia in 1996 to combat trafficking in women and girls for sex slavery. The dire situations of thousands of victims forced into sex slavery are the reason why AFESIP Cambodia exists today. We are devoted to “humanly correct development” in order to fight against trafficking of women and children for sex slavery.

AFESIP Cambodia provides holistic care, recovery and occupational skills for the rescued girls/women from sex slavery and reintegrates them into the community through financial independence in a sustainable and innovative manner. AFESIP Cambodia runs 3 centers, Phnom Penh, Kompong Cham and Siem Reap with the capacity of sheltering up to 200 survivors. It has cooperated with the government’s ministries of Women’s Affairs; Interior; Health; Social Affairs, Veteran and Youth Rehabilitation; Justice and Labor and Vocational Training for effective operation in the fight against human trafficking . Thousands of survivors have been provided vocational skills training and reintegrated into the society with their satisfactory capacity to set up their own business shops.

I would like to confirm that Lotus Culture Ltd., is one of AFESIP Cambodia’s funding parties working in the same purpose. Lotus Culture Ltd. will be supporting AFESIP Cambodia’s ongoing education programmes and counseling services in our three shelters for the next three years. 

Yours faithfully,

Chhoeurth SAO
Executive Director and CEO,
